That would be great-I know Linda from ADAO is testifying so both are likely to come up. As soon as we have the witness list it will help us anticipate.

Will do. I assume the interest is primarily (although perhaps not exclusively) related to new chemicals. Regardless, the response can be general enough to cover both new and existing chemicals.

Aaron, thank you for the guidance this afternoon. Per our conversation OCSPP will develop a draft letter to the chairman and ranking member of the committee holding the hearing providing EPA's perspective on worker protection issues. We will have this letter to you in draft by the end of the day on Monday. Thank you

Also, looping in the OPA team. Might be worth having a press statement in the hopper refuting a lot of what we know is going to come out of the hearing for release right before it begins or immediately afterwards.

I'm presuming they would want us to have something—the scope is looking pretty broad. Aaron can provide further details-looping him in.

So far I'm hearing it will be:  
Teachers union- PCBs, lead in schools  
Firefighters- PFOA

UAW-framework rules  
Academics (likely David Michaels)  
United Farmworkers- pesticides

I'm checking with OCR I would like to  
have a statement or some document  
that we could produce providing our

My understanding is  
that they don't intend  
to invite EPA.
